FORCED INTO WORLD'S  
WAR; MATTER OF HOURS

(By Associated Press.)  
Sofia, Sept. 22.—Bulgaria, apparently is on the very brink of war.  
The people generally believe that hostilities are imminent. Military authorities have taken possession of all railways and ordinary traffic has been suspended.

**Bulgaria With The Kaiser.**  
Diplomatic representatives of the Entente Powers generally recognize that their cause is a lot one and that Bulgaria is manifesting a tendency toward the Central Powers. This is due to the dissatisfaction of that government at Serbia's reply in the negotiations for territorial concessions in Macedonia, and at the conduct of Greece in this connection. None of the Allies' representatives cherish a hope that Bulgaria can be prevented from joining Germany and Austria.

**Russians Escaped The Net.**  
London, Sept. 22.—Special Petrograd dispatches agree that the Russians have withdrawn safely from the Vohna salient, destroying everything of military utility. While the main army is probably safe, it is hardly likely that the whole Russian force escaped without heavy losses.

General Von Hindenburg's cavalry, which was expected to complete the encircling movement is still held up between Smorzon and Molodetschno, where a great battle is raging. Petrograd is highly elated over the success of the Russian movement in the east.

**Greece Prepares for Enevitale.**  
Athens, Sept. 22.—On the receipt of news that Bulgaria had executed a general mobilization of her troops, King Constantine of Greece, summoned Premier Venizelos and the general staff of the army. The Premier subsequently called a cabinet meeting.

FINANCIERS ATTACK  
INCOME TAX LAWDISCRIMINATION BETWEEN MAR-  
RIED AND SINGLE PERSONS IS  
BASIS FOR FIGHT

Washington, Sept. 22.—Counsel for Union Pacific railroad stockholders and others filed a brief in the supreme court attacking as unconstitutional the income tax provisions of the Underwood-Simmons tariff law.  
The attorneys contended that while the sixteenth amendment empowered congress to impose a tax "on incomes from whatever source derived," the framers of the law had stretched it to cover many taxes other than on income. It was asserted, too, that there was no constitutional authority for taxing a specific class of persons, unmarried men, more than others, or for the super-tax imposed upon men with incomes of over \$20,000.

GERMANS OF U. S.  
WILL HELP RAISE  
LOAN FOR BRITAINEIGHT HUNDRED MILLION IS  
NOW AGREED AMOUNT  
NEARLY SUBSCRIBED

New York, Sept. 22.—It looks now like the billion dollar loan will dwindle to not to exceed eight hundred million.

Borrowers and lenders of the vast sum sought in America on behalf of Great Britain and France were said today to be in virtual accord on all save two details of the proposed loan. There, it was said, were not of prime importance. Formal proclamation of the success of the negotiations is expected within three or four days and possibly within forty-eight hours.

Reports were current during the day the entire matter would be settled tomorrow and that a formal announcement might be expected within twenty-four hours. This was said to be premature. But there was unanimity of opinion that the loan would be secured.

HURLED INTO ABYSS

(By Associated Press.)  
New York, Sept. 22.—Seven persons were killed, and fifty others seriously injured when a dynamite explosion in an excavation for the new Seventh Avenue subway caused a cave-in which engulfed a surface car and numerous pedestrians.

The accident occurred shortly after eight o'clock this morning and half of the injured were women and girls en route to work.

There were seventy-eight passengers on the trolley car, which dropped fifteen feet into the subway excavation when an entire block on Seventh Avenue, between Twenty-fourth and Twenty-fifth street collapsed.

Although the car was upright, it was buried under an avalanche of concrete, timbers and earth, and the passengers were crushed.

Six of those killed were men. Traffic on Seventh Avenue has been cut off on account of the slide. The damage will amount to several hundred thousand dollars.

Several skyscrapers on this Avenue are in danger of falling and occupants are hastily moving. An investigation to place the blame has been started.

Young was a member in good standing of the local barbers' union when he died and was entitled to the benefit of \$350 allowed under the constitution of that organization. For some reason the international refuses to pay, hence the suit.

## Drydock Floating About Dardanelles Carrying Warship

BILLIONS ASKED  
BY ENGLAND  
IN WAR BUDGETSO HUGE THAT IS STAGGERS  
WORLD; GREATEST IN  
WORLD'S HISTORY

London, Sept. 22.—Surpassing anything of the kind the world has ever known, the war budget was yesterday introduced in the house of commons by Reginald McKenna, chancellor of the exchequer. It calls for an expenditure of \$25,000,000 daily.

New military requirements and changed methods of warfare have created over night additional expenditures. These had not been reckoned with even in the comparatively recent estimates of David Lloyd George, the munitions minister, necessitating this budget. Tuesday's budget is the third since the outbreak of hostilities, and calls for the most drastic and far-reaching taxes in the history of the country and involves even free trade.

Hereafter automobiles, bicycles, motion picture films, clocks, watches, musical instruments, plate glass and hats will pay a tax of 33 1/3 per cent ad valorem though as Mr. McKenna explained, the objects of such taxation are "purely temporary and without regard to a permanent effect on trade," being primarily designed to discourage imports and remedy the foreign exchange situation.

"Spirits and beer remained untouched by the new schedule. The

OKLAHOMA IS  
TOP LINER AS  
AGGIE STATESTATE NEVER IN BETTER  
CONDITION; \$150 PER  
CAPITA THIS YEAR

Washington, D. C., Sept. 22.—From the ground probably \$300,000,000 in wealth will be produced in Oklahoma this year, or \$150 per capita for the 2,000,000 people of the state.

Scarcely without exception the crop yields in Oklahoma this year will be very much greater than for 1914, and with the almost daily increase in the price of crude oil, 1915 should prove to be the most prosperous year in Oklahoma's history.

Estimates of bureau of crop estimates of the United States department of agriculture, based upon the condition of crops on September 1, show that in Oklahoma this year 36,524,000 bushels of wheat have been produced; 25,453,000 bushels of oats; 133,129,000 bushels of corn; 220,000,000 bushels of sorghum.

This enormous drydock owned by the British navy floats about the Dardanelles carrying along as it goes a large battleship which is being repaired. There are more than ninety warships engaged in the attack on the Dardanelles, and many of them, of course, must be repaired on the ground.

FAIR ELECTION  
LAW WILL NOT  
BE ATTACKEDPROPOSED CHANGE WOULD  
GIVE ALL PARTIES EQUAL  
REPRESENTATION

Oklahoma City, Sept. 22.—It seems improbable that any protest will be lodged against the initiated petition filed Sept. 12 for a "fair election law." The petitions have been gone over very carefully by leading Democrats and by the law firm of Ledbetter, Stuart & Bell, with a view to finding some place where an attack may be made. It is understood that the petitions have been found regular and as there are 30,000 more names signed than are needed, it would seem

OBREGON MAY

CHOICE OF WILSONCARRANZA GENERAL FAVOR-  
ED BY MAJORITY OF CAR-  
RANZISTISTS AS WELL

## BULLETIN

Brownsville, Sept. 22.—It is currently reported here that Gen. Obregon has been decided upon by the Carranza faction to lead the fight for President of Mexico. He is said to be favored by two-thirds of the Carranza army.

El Paso, Sept. 22.—That General Carranza is fast gaining the upper hand on all opposing factions is now certain. Gen. Villa, while occasionally winning a small battle, with little involved, is fast losing out with the military part of Mexico's population. In four separate engagements Monday and Tuesday Villa's forces were badly defeated and again early Wednesday morning a detachment under Villa was cut to pieces.

It now looks like the Carranza forces have things well in hand and will finally win recognition by the Pan-American arbiters.

STATES TO NEGROES

El Paso, Tex., Sept. 2.—The "Plan of San Diego," as that agreement among Mexicans signed at San Diego, Texas, on Jan. 6, 1915, by which the signers agree to start a revolution against the United States for the liberation of Texas, New Mexico, Arizona, Colorado and Upper California, is called, and under which the Mexican bandits back of the recent organized raids in the Brownsville country were operating, has been received.

A copy of the proclamation in Spanish, translated for the Associated Press here, is as follows:

"Provisional Directorate of the Plan of San Diego," Jan. 6, 1915.

"We, who in turn sign our names, assembled in the revolutionary plot of San Diego, Texas, solemnly promise each other on our word of honor, that we will fulfill and cause to be fulfilled and complied with all the clauses and provisions stipulated in this document, and execute the orders and the wishes emanating from the provisional directorate of this movement, and recognize as military chief of the same Mr. Agostin B. Garcia, guaranteeing with our lives the faithful accomplishment of what is here agreed upon.

Start Revolution Feb. 20.

"1. On the twentieth day of February, 1915, at 2 o'clock in the morning, we will arise in arms against the government and the country of the United States of North America, one and all, and as one, proclaiming the liberty of the individuals of the black race and its independence of Yankee tyranny, which has held us in iniquitous slavery since remote times; and at the same time, in the same manner, we proclaim the independence and segregation of the states bordering upon the Mexican nation, which are: Texas, New Mexico, Arizona, Colorado and Upper California, of which states the Republic of Mexico was robbed in a most perfidious manner by North American imperialism.

"2. In order to render the foregoing clause effective, the necessary army corps will be formed under the immediate command of military leaders named by the supreme revolutionary congress of San Diego, Texas, which shall have full power to designate a supreme chief, who shall be at the head of said army. The banner which shall guide us in this enterprise shall be red.
